We Provide Competitive Compensation and Benefits

One of the ways ClearStaff stands out from many of its competitors is with our Employee Benefits program. We provide up to 40 hours of paid leave.

In addition:

We offer a health care program that complies with the standards of the Affordable Care Act.

The ClearStaff team is dedicated to providing employees with the information, training, and motivation they need to succeed in the workplace.

Our **Referral Bonus Programs** have led to the successful hire of many employees.

We Find the Right People

A staffing agency is only as good as the employees it recruits and retains. Our goal is to place every employee in the best position to succeed.

- 1)** We take the necessary steps to fully understand the candidates you need as well as what constitutes a good fit for your organization's culture. For every role – general labor, semi-skilled, and skilled – we prepare a detailed job description with responsibilities, skills, requirements, shifts, pay, perks, bonuses, and future opportunities.
- 2)** We capitalize on every channel in the marketplace for attracting potential employees. We go well beyond placing job listings on employment websites. We continually promote opportunities on social media, at community events, via SMS, and at job fairs. It's why we always have a strong pool of prospects at our fingertips.
- 3)** We support, recognize, and reward our recruiters for hiring the right candidates. One of our top priorities is investing (and reinvesting) in the tools, systems, and training to equip our recruiters to deliver employees that are a good fit for your company.

We offer Temporary Placements, Temp-to-Hire Placements, and Direct Hire Placements

We Screen for Your Requirements

Companies require various types of screening. We support them all. ClearStaff completes screening according to your company's specific requirements.

Our screening process offers:

- A pre-qualifying questionnaire along with a face-to-face (in person) interview.
- An application document that collects general information for payroll, government forms, and employment eligibility as required in the I-9 Employment verification form.
- Pre-employment drug tests
- Criminal background checks
- Skill assessments

Does your company require E-Verify?

- ClearStaff offers E-Verify employment eligibility verification.

Each ClearStaff office
**has a manager
on call 24/7.**
We are always
prepared to address
emergencies.

Why Companies Stay With Us

25+ years in business. Consistency you can count on.

We want you for the long haul — for small projects, peak season, and when you're ready to expand. So, you can count on us to go all out, year after year, to keep you fully staffed so you can achieve optimal productivity.

Here's why clients turn to us again and again:

We communicate. You'll hear from us by phone, text, and email — often. You'll know the status of every hiring project — including if we ever have an obstacle — in real time.

We're poised to pivot. If your needs change — let's say you're having a better Q3 than projected — we are staffed to ramp up, quickly, to deliver the additional employees you need.

We keep up. Wage increases. Wellness benefits. Trends. We also follow legislation in our industry to ensure that we remain compliant.

We're committed to our employees' success. Our greatest value to you is successful placement and high retention. We achieve this by giving a clear picture to our employees about the expectations of tasks, environment, culture, and physical demands.

We're proud of the longevity of our relationships.
Ask us about the clients we've served for more than 25 years.
